Great talking with you again, Tim, albeit only briefly. Following up as promised to get Valerie's help scheduling a meeting with you and Ben the week of November 12, if possible. Not only would I like to meet Ben and brief him about The Great Outdoors Fund, as I mentioned, I've got an idea I'd like to speak with you about to help raise voluntary funding from the private sector to improve recreation infrastructure and opportunities. I've attached an updated presentation that's a general overview about The Great Outdoors Fund for your perusal and to share with Ben too. Valerie, please let me know when I might be able to get some time with both Tim and Ben. Best regards, ~Lori Lori McCullough CEO/Executive Director The Great Outdoors Fund (b) (6)

On Fri, Oct 27, 2017 at 6:48 PM, Margaret Harrell wrote: Todd and Ben, It's a pleasure to e-meet you. I heard what a great meeting you had. I'd welcome the chance to stop by and meet you, to explore a little further how we might partner or otherwise be helpful to you. Specifically, if you have time the morning of 14 or 16 November, please let me know. Late in the day of 13 November would also work. Very best, Meg Harrell

Description:

----- Forwarded message ----- From: Tanya Komars Date: Thu, Mar 2, 2017 at 2:09 PM Subject: Active duty military career skillstraining in DOI lands - Pearl Harbor, Alcatraz, expansion plansTo: "scheduling@ios.doi.gov" Greetings, I would like to request an appointment with the Secretary. I am the Founding Director/CEO of the non-profit Concrete Preservation Institute. We are a partner of the US National Park Service (NPS) for whom we complete major projects to structurally repair and preserve national landmark structures and increase public safety and access. We do this as an official Career Skills Program (CSP) for the US military. We train active duty military personnel preparing to transition to the civilian sector; they are the primary manpower on our projects during our 12-week NPS Field School sessions. By providing meaningful training and career pathways for active duty service members before they leave the military, we work ahead of the military-to-civilian curve that too often results in veterans unemployed or underemployed. We partner directly with CEOs of major concrete and construction companies across the country who support CPI with private sector funding, donate major project materials and equipment, and hire our military graduates to fill the many skilled trades and management vacancies currently preventing them from taking on more jobs. We have many veteran/CPI alumni employed in industry across the country working to build and repair power plants, pipelines, dams, bridges, roads, and other structures vital to the US economy. Our directors are internationally recognized experts in concrete repair and evaluation, fields that are actually fairly new having developed in response to relatively current needs. We are leaders in advancing technology and workforce development in these areas, which extends to benefit the overall construction industry and government agencies responsible for improving and building US infrastructure. We also engage in research, including work with NASA to adapt their outer space travel technology for CO2 reduction in the worldwide cement industry as well as development of a new type of durable cement. We would like to discuss our overall program, including our Field Schools at Pearl Harbor, where we are repairing the Battleship Row mooring quays that serve as some of the last visible reminders of the December 7th, 1941 attack but are structurally threatened after 75 years of exposure, and at Alcatraz Island, where we have worked for nearly eight years repairing the historic landmark structures, most of which were built by the US military, including the infamous cell house that was the largest reinforced concrete structure in the world when it was built beginning in 1909. These, other sites where we have worked around the world, and possible expansion sites within DOI, represent the worst conditions and challenges we face in infrastructure around the country. Problem resolution using new ways of thinking, that removes bureaucratic roadblocks to rapid success, and supports technology development and appropriate use can not only improve existing infrastructure but likewise inform better new construction. The industry and military are encouraging CPI to expand. We believe the Secretary could be a strong advocate and partner in this effort. We have three specific topics for discussion: Securing DOI facilities at/near our Field School sites for teaching, laboratory, and service member housing - we have targeted currently unused historic military structures at Pearl Harbor and in the Presidio of San Francisco; our functions would be historically compatible according to the SOI's Standards for the Treatment of Historic Properties and CPI is professionally qualified to facilitate these projects according to Section 106 of the National Historic Preservation Act We have already discussed possible Field School expansion sites with the military - we would like to discuss possible overlap with NPS and other DOI lands open to partnering Identifying public funding sources to increase the number of CPI field training staff - we bring the support of private industry and other partnerships for everything else On a personal note, I would like to congratulate Secretary Zinke on his position in the Cabinet and offer my heart-felt thank you for his military service. As the wife of a veteran and someone professionally dedicated to the long-term durability of all that we build and must maintain across the country, I look forward to his leadership and the possibility of partnering with him to expand upon the success of CPI and further military, industry, and DOI goals. I can be available anytime

I am Jen Mock Schaeffer, Government Affairs Director for the Association of Fish and Wildlife Agencies. The Association represents the collective interests of the state fish and wildlife agencies across the country and all 50 states are members. I am writing to request a meeting with you as a follow-up to the conversation we had in December between the Association of Fish and Wildlife Agencies' Executive Committee and Secretary Zinke, during which Jason and Ben were present. One of the issues raised during our meeting with the Secretary was the state fish and wildlife agencies' ongoing support for the USGS Cooperative Research Units (CRUs). We would greatly appreciate the opportunity to meet with you to better explain and discuss our interests in the CRUs and their role in conducting applied research for the management of fish and wildlife. Next Friday, February 9, several stakeholders will be in DC and would greatly appreciate the opportunity to meet with you to discuss the CRUs-- Deputy Director John Kennedy of Wyoming Game and Fish Department; and Dr. Chad Bishop, Director of the Wildlife Biology Program at the University of Montana and current President of the National Association of University Fish and Wildlife Programs will be accompanied by Mr. Lowell Baier with Boone and Crockett and me. Please let me know at your earliest convenience the best time to meet with Mr. Kennedy, Dr. Bishop, and Mr. Baier on February 9. Thank you for considering our request, and we look forward to seeing you soon. Description:

I'll be attending along with AFS Executive Director, Doug Austen. The Wildlife Society will be sending Caroline Murphy. Cameron Kovach from their organization may also attend. On Mon, Jan 22, 2018 at 12:28 PM, Drue Winters wrote: I hope my email finds you well. I am reaching out to you to schedule a meeting between Mr. Sheehan and the American Fisheries Society and the Wildlife Society. We met last fall with Mr. Sheehan shortly after he moved into the acting director position. We would like to follow-up with him to more specifically discuss U.S. Fish and Wildlife Service support and involvement in our respective annual meetings in Atlantic City, NJ and Cleveland, OH this year and our joint meeting in Reno, NV in 2019. We'd also like to discuss professional society support and other topics as time allows. I do understand that I am reaching out during the government shutdown, but I wanted to get our request in the queue for consideration. As a starting point, I'd like to first offer Feb. 28, Feb. 28, or March 1. We also have some time the week of Feb. 20 as well that would work for us, if the first set of dates are not available. Thank you for your consideration and I look forward to hearing from you when you are able to review our request. Sincerely, Drue Banta Winters

Description:

Hey Todd and Jason, This is just a quick follow up on a conversation Todd and Brian, PERC's new Executive Director, had earlier today to make sure everyone is up to date. Before coming to PERC full time in January, Brian served as the Florida Fish and Wildlife Conservation Commissioner and is interested in getting PERC more actively involved in wildlife policy. Back in December, 2017, Brian met with Secretary Zinke and a small group of the state fish and wildlife executive directors to recommend a first-ever gathering of all the states' fish and wildlife conservation commissioners. The conference would be an opportunity to strengthen state and federal relations on fish and wildlife issues and could serve to broaden the base of support for the Department's work. Secretary Zinke gave the conference a thumbs up. Attached is a full memo with more details. We're wondering if the Department of Interior is still interested in holding a conference of this sort. If so, PERC would like to help contribute - perhaps as panel hosts or moderators. Please take a look, and give me a call with any thoughts or questions. We would love to help make this happen. Hope you both are doing well and have had a chance to catch your breath after the State of the Union! Hannah

Description:

Ben, Thank you for the time yesterday and the offer to learn more about the comprehensive work Jefferson County, Texas Judge Jeff Branick is leading on both the natural resources side and on the energy-economic side and how those two vital efforts are so intertwined and beneficial to one another in Jefferson County, Texas. I'd like to introduce you to Judge Branick's lead in Washington on the natural resources front - Mr. Tim Richardson. Like you Tim is an avid hunter and outdoorsman, and I'm sure you all can share some great stories and have friends in common. I've asked Tim to share more of the bigger picture background re. Jefferson County's work with the State of Texas, the Restore Council, etc. I can share our in-depth work with the US Army Corps on our ship channel deepening project that serves over 1.6 million barrels/day refining capacity and rapidly growing industry for fuel supplies at home and critical energy exports abroad advancing the geopolitical strength of America. Judge Branick shared with us that he could do a conference call tomorrow morning. We understand that may not be enough time for you internally, and we'll wait to hear from you on that. Tim can join you person for this upcoming call with your team at the Department and will provide maps, background, etc. Ben, how does that sound to kick things off on next steps, Sir? Judge Branick is very much looking forward to sharing with you and Deputy Bernhardt the bigger picture mission of Jefferson County's beach nourishment efforts and what that means for both our citizens and vital industry between now and hurricane season. Thank you for giving us this opportunity before DOI and FWS make their hurricane supplemental allocations, sir. Tim, thank you for your availability and expertise as well, Sir. Very Respectfully, - Milam Mabry

Description:

We will be using Zoom for this meeting, which allows us to use videoconferencing and screen share. And, we have the designers with NovakBirch who will present the designs for our row this year! If you havenot used Zoom before, please login a bit early to make sure it works onour system. You will have the choice to either use your computer audioor dial in - but don't do both, as it causes pretty awful feedback. Youwill be prompted with a call-in number once Zoom launches, if youchoose to dial in. If you do not get the prompt, look for and click on the microphone icon in the bottom left corner and select "AudioOptions." Zoom Link: (b) (5)

Calendar: Todd Wynn

Created by: Valerie Smith

Who: Benjamin Cassidy, Rick May, aschaefer@nga.org, Todd Wynn

Description:

Alex, Wanted to follow up with you on something that we discussed briefly in our last meeting. On this email is Ben Cassidy who handles our recreation portfolio, Rick May (soon to be national adviser for recreation) and Tim who helps manage Governor relationships with me and Valerie who is the backbone of our office and runs my life. Would love to sit down and walk through what our plan/objective is to gather Recreation advisers and/or recreation points of contact in the Governors offices and get your thoughts on a few things and explore the idea of maybe doing something in Santa Fe this summer.

Description:

Ben - I want to follow-up on my voice mail. As I mentioned in our meeting last week, our WSTPC members will be meeting during IPW - Sunday May 20th, 9am - 11:30am (location: Convention Center) Meeting Time: I'd like to confirm you can meet with our group, preferably on the front end from 9a - 9:30a. You are welcome to stay for as long as you wish. We will have the Rec.gov folks with us and a NPS group regarding tour bus operations in the parks (tour bus group would also attend). Topics: In addition to a quick overview of the Secretary's initiatives, we would like to talk about our current MOU with the federal agencies and discuss with you how we can make that a more constructive dialogue. We understand you are relatively new and don't have all the answers, yet we are hoping to re-cast the consultation to give it more value to all parties. As you know, the MOU is up for renewal, so we could use this discussion to kick-start discussions that hopefully would result in a MOU signing ceremony with the Secretary and others next summer 2019. Please let me know if you can confirm your participation in our meeting. Thanks. David

Description:

Hi All - Isabel Hill, Director, National Travel and Tourism Office, would like to invite you to sit at the NTTO table in the reserved section at IPW on Monday, May 21st. Since all of you will be gathered in Denver anyway; she hates to see good opportunity go to waste by NOT at least sitting down to catch-up with one another over lunch. NTTO's table is located in the GREEN section, and is #211 (which is on the aisle). As you're coming in to the luncheon hall, move toward the front of the room. At the "major" break/intersection between reserved and unreserved tables (which you can usually spot because it's also where the sound equipment risers are set up), the GREEN section is on the far right as you look at the stage, and #211 is almost all the way to the back near the major break/intersection. If you can't find it; there will be U.S. Travel staff with clipboards and they can quickly get you to the right vicinity. Please let me know if you will be able to join Isabel, Brian Beall and Curt Cottle for lunch, as there is limited seating and if you've already had a "better offer," we can invite someone else to sit with the group. Thanks much, in advance. Safe travels to Denver. Peace - julie

Description:

Also, one more note just to clarify. Tracy Stone-Manning (NWF Assoc. VP for Public Lands) and Dwanye Meadows (WY Wildlife Federation Executive Director) will be joining us. They have been part of some of the correspondence but I don't see them on my invite so wanted to be clear. Thanks again and see you soon. Good afternoon Todd and Ben, I wanted to wrap together several pieces of correspondence to get us all on the same page. Todd and I spoke after our letter earlier this week. He mentioned that I should connect with Ben as well. Ben in the interim had reached out to Marcia, our new Artemis manager (cc'd here). We appreciate your outreach and consideration of the letter we sent. We would also appreciate sitting down with you sometime in the near future to speak about sporting community issues. We are scattered across the West but do get to DC once in a while. We may end up being in the DC and available to meet to meet in early June. I will keep you posted on those plans and other opportunities where we might connect. Please do the same and feel free to get in touch in the meanwhile should anything else arise. Thanks again for your time and enjoy your weekend.

Description:

Esteemed Colleagues, As we missed last month's meeting, we are looking forward to getting everyone together for the month of June. Although everyone is invited, it is completely fine to have one representative from each respective bureau/agency in attendance at this meeting. In the past few weeks we've had tremendous help from our different hallways with scheduling meetings and with different projects, and we look forward to continue working together in order to execute the Secretary's priorities. Thank you, OIEA Team

Maybe we could begin at 9 but have the Secretary speak at noon. Lets discuss more very soon so we can get this out there. I have cc'd Ben Cassidy from the Department who needs to be an integral part of this meeting planning. Thanks Greg
